

The Man Putting On

by revealing  
next to nothing.

His new girlfriend  
chumming along,  
they looked definitely

like cats that  
eat canaries.  
*A great feeling!*

Which they'll  
never share.

If you're looking  
for that,

then skip  
them.

They make  
it easy  
to do so, for

what it's worth!
